

## DEIONIZED WATER SYSTEM M3 Code 5G

N° 14223-2007-AQ-ITA-SINCERT

- M3 is a very simple deionizer to produce small quantities of distilled water.
- 3,3 liters regenerable cartridge, contains the ionic exchange resin.
- Battery powered conductivity meter to display, on a LED bar graph, the conductivity of the out water. Manufactured in accordance with CE rules
- Wall mounted column support.
- Fast type pipes, for an easy substitution of the column.
- With an entry water of medium hardness, it is possible to produce around 100 liters of deionized water.
